

2021-2022 COVID-19 PROTOCOLS (UPDATED 1/8/22)

Living Stones Christian School is committed to providing a learning environment that is as safe as possible for our students and staff. We have created a few protocols that are reasonable and appropriate. However, these plans may change, depending on future developments.

- We support our parents' choices regarding their children's healthcare and their decisions about wearing masks.
- If a student or staff member tests positive for Covid-19, they must:
 - quarantine for five days, be asymptomatic or symptoms have lessened (they are resolving) and be fever free without fever reducing medication for 24 hours to return to school.
- If a student or staff member resides with someone who tests positive for Covid-19, they must:
 - quarantine for five days, be asymptomatic and fever free without fever reducing medication for 24 hours to return to school.
- If a student or staff member tests positive for Covid-19, effected rooms will be thoroughly cleaned and sanitized.
- Classes that have a student or staff member who has tested positive for Covid-19 will be closely monitored, including daily temperature checks for 10 days.
- Secondhand or Indirect Exposures (defined as - being with someone who was directly exposed to someone with Covid-19) will not be required to quarantine; however, you should self-monitor for 10 days.

We trust our parents to make responsible and appropriate decisions about school attendance if their child is symptomatic in any way.
